Gym Business — Refined Business Lifecycle Hierarchy

- Gym Business
  - Start
    - Define Business Vision and Goals
      - Identify Target Customer Segment (bodybuilders, general fitness, women-only, etc.)
      - Define Gym Type (CrossFit, traditional, boutique, 24-hour, etc.)
      - Set Revenue Targets for Year 1, Year 2, Year 3
    - Register Business
      - Choose Business Name
      - Register Trade License
      - Obtain Commercial Registration Certificate
      - Open Business Bank Account
      - Get Tax Registration (VAT / GST as applicable)
    - Hire Initial Team
      - Recruit Gym Manager
      - Recruit Front Desk Staff
      - Recruit Certified Fitness Trainers
      - Recruit Cleaning Staff
      - Recruit Security Staff
    - Get Insurance
      - Obtain Liability Insurance
      - Obtain Property Insurance
      - Obtain Equipment Insurance
      - Obtain Workers Compensation Insurance
  - Find Building
    - Define Location Criteria
      - Preferred Area / Neighborhood
      - Minimum Square Footage Required
      - Parking Availability
      - Accessibility (ground floor, elevator, ramp)
      - Proximity to Target Customers
    - Search for Buildings
      - Engage Real Estate Agent
      - Browse Online Property Listings
      - Visit Shortlisted Properties
      - Compare Properties (rent, size, location, condition)
    - Found Building
      - Negotiate Rent and Terms
        - Negotiate Monthly Rent Amount
        - Negotiate Rent-Free Fit-Out Period
        - Negotiate Lease Duration (1 year, 3 years, 5 years)
        - Negotiate Maintenance Responsibility (landlord vs tenant)
      - Pay Security Deposit
        - Verify Deposit Amount Against Agreement

- Make Payment via Bank Transfer / Cheque
- Collect Receipt
  - Verify Receipt Amount Matches Payment
  - Verify Date and Landlord Details on Receipt
  - Store Physical Copy in Safe
  - Scan and Upload Digital Copy to Document Management System
- Collect Agreement Copy
  - Review All Clauses with Legal Advisor
  - Sign Agreement (both parties)
  - Collect Landlord-Signed Original Copy
  - Store Physical Copy in Safe
  - Scan and Upload Digital Copy to Document Management System
  - Agreement Renewal Cycle
    - Set Renewal Reminder 90 Days Before Expiry
    - Review Current Market Rent Rates
    - Negotiate Renewal Terms with Landlord
    - Sign Renewal Agreement
    - Update Document Management System
    - Update Financial Records with New Rent Amount

Prepare Building

- Get Building Inspection Done
  - Inspect Electrical Wiring and Load Capacity
  - Inspect Water Supply and Drainage
  - Inspect Structural Integrity (walls, floor load-bearing capacity)
  - Inspect Ventilation and Air Conditioning
  - Inspect Fire Safety Systems (alarms, sprinklers, exits)
- Do Cleaning
  - Remove Previous Tenant Debris
  - Deep Clean All Floors
  - Clean All Windows and Glass Surfaces
  - Clean All Walls and Ceilings
  - Sanitize All Surfaces
  - Dispose of Waste Properly
- Do Painting
  - Select Brand Colors for Interior
  - Prepare Walls (fill cracks, sand, prime)
  - Apply Base Coat Paint
  - Apply Finishing Coat Paint
  - Paint Floor Markings (zones, safety lines)
  - Add Gym Branding / Logo on Feature Wall
- Do Plumbing
  - Install Water Supply Lines
  - Install Drainage Lines
  - Install Water Heater for Showers
  - Install Wash Basins
  - Install Shower Units
  - Test All Water Connections for Leaks

- Toilet is Must
  - Determine Number of Toilets Required (male, female, staff)
  - Install Toilet Units
  - Install Hand Wash Basins
  - Install Mirrors
  - Install Hand Dryers / Paper Towel Dispensers
  - Install Soap Dispensers
  - Install Sanitary Bins
  - Ensure Proper Ventilation / Exhaust Fans
  - Install Non-Slip Floor Tiles
  - Set Up Daily Cleaning Schedule for Toilets
- Install Flooring
  - Install Rubber Flooring in Weight Area
  - Install Vinyl / Wooden Flooring in Cardio Area
  - Install Anti-Slip Tiles in Wet Areas
  - Install Mats in Stretching / Yoga Area
- Install Electrical Systems
  - Install Adequate Lighting (LED, energy-efficient)
  - Install Power Outlets for Equipment
  - Install Three-Phase Power Supply for Heavy Equipment
  - Install Emergency Lighting
  - Install Sound System Wiring
- Install HVAC (Heating, Ventilation, Air Conditioning)
  - Install Air Conditioning Units
  - Install Exhaust Fans
  - Install Fresh Air Intake Vents
  - Test Temperature Control Across All Zones
- Install Safety Infrastructure
  - Install Fire Extinguishers
  - Install Emergency Exit Signs
  - Install First Aid Station
  - Install CCTV Cameras
  - Install Access Control System (door locks, card readers)

Budget Plan

- Estimate One-Time Setup Costs
  - Building Deposit and Advance Rent
  - Renovation and Fit-Out Costs
  - Equipment Purchase Cost
  - Furniture and Fixtures (reception desk, lockers, benches)
  - Technology Setup (POS system, software, WiFi, CCTV)
  - Branding and Signage
  - Legal and Licensing Fees
- Estimate Monthly Recurring Costs
  - Rent
  - Electricity and Water Bills
  - Staff Salaries
  - Internet and Phone Bills

- Insurance Premiums
- Cleaning Supplies
- Equipment Maintenance
- Marketing and Advertising
- Software Subscriptions (membership management, accounting)
- Define Revenue Projections
  - Estimate Membership Fee Structure
  - Estimate Member Enrollment Rate Per Month
  - Estimate Personal Training Revenue
  - Estimate Additional Revenue (merchandise, supplements, locker rental)
- Calculate Break-Even Point
  - Total Fixed Costs vs Variable Costs
  - Minimum Members Required to Break Even
  - Estimated Time to Break Even
- Secure Funding
  - Self-Funding Amount
  - Bank Loan Application
  - Investor Pitch (if applicable)
  - Government Grants / Subsidies (if available)
- Create Cash Flow Forecast
  - Month-by-Month Cash Inflow Projections
  - Month-by-Month Cash Outflow Projections
  - Maintain Emergency Reserve Fund (3-6 months operating cost)

Finalize Equipments List with Budget

- Categorize Equipment by Zone
  - Cardio Zone (treadmills, ellipticals, bikes, rowing machines)
  - Strength Zone (dumbbells, barbells, weight plates, benches, racks)
  - Functional Training Zone (kettlebells, battle ropes, TRX, resistance bands)
  - Stretching / Yoga Zone (mats, foam rollers, yoga blocks)
  - Group Class Area (mirrors, speakers, mats)
- Define Quantity Per Equipment Type
  - Based on Expected Member Count
  - Based on Peak Hour Usage Estimate
  - Based on Available Floor Space
- Search for Equipments in Market
  - Research Equipment Brands and Models
    - Compare Brand Reputation and Reviews
    - Compare Warranty Terms
    - Compare After-Sales Service Availability
  - Get Quotations from Multiple Vendors
    - Request Quotation from Vendor 1
    - Request Quotation from Vendor 2
    - Request Quotation from Vendor 3
    - Request Quotation from Vendor 4 (International / Online)
  - Compare Quotations
    - Compare Price Per Unit
    - Compare Delivery Timeline

- Compare Installation Support
- Compare Payment Terms (upfront, installment, lease)
- Negotiate Best Price
  - Negotiate Bulk Discount
  - Negotiate Free Delivery and Installation
  - Negotiate Extended Warranty
- Select Final Vendor
  - Verify Vendor Business License
  - Verify Vendor References / Past Clients
  - Sign Purchase Agreement

Prepare Equipment Placing Plan

- Measure Floor Area Dimensions
  - Measure Total Usable Floor Area
  - Mark Structural Columns and Obstacles
  - Mark Electrical Outlet Positions
  - Mark Ventilation Points
- Design Zone Layout
  - Allocate Cardio Zone Area
  - Allocate Strength / Free Weights Zone Area
  - Allocate Machine Weights Zone Area
  - Allocate Functional Training Zone Area
  - Allocate Stretching / Yoga Zone Area
  - Allocate Group Class Area
  - Allocate Reception and Waiting Area
  - Allocate Locker Room and Changing Area
  - Allocate Staff / Office Area
- Map Equipment to Zones
  - Place Each Equipment in Designated Zone
  - Ensure Minimum Spacing Between Equipment (safety clearance)
  - Ensure Equipment Faces Mirrors Where Applicable
  - Ensure Heavy Equipment is on Reinforced Flooring
  - Ensure Emergency Exits Are Not Blocked
- Create Floor Plan Drawing
  - Draft Digital Floor Plan with Equipment Positions
  - Get Floor Plan Reviewed by Safety Officer
  - Get Floor Plan Approved by Building Management (if required)
  - Print Floor Plan for Installation Team

Purchase Equipments

- Raise Purchase Orders
  - Create PO for Each Vendor with Item Details
  - Get PO Approved by Owner / Finance
  - Send PO to Vendor
- Track Delivery Schedule
  - Confirm Expected Delivery Date with Vendor
  - Arrange Storage Area for Incoming Equipment
  - Assign Staff to Receive Deliveries
- Receive Equipment

- Verify Delivered Items Against Purchase Order
- Inspect Each Item for Physical Damage
- Count and Confirm Quantity
- Sign Delivery Receipt

Purchase Bills

- Collect Invoice from Vendor
- Verify Invoice Amount Matches PO and Delivery
- Record Invoice in Accounting System
- Schedule Payment as Per Agreed Terms
- Make Payment (bank transfer / cheque)
- Collect Payment Confirmation / Receipt
- File Invoice and Receipt in Document Management System

Warranties

- Collect Warranty Card / Certificate for Each Equipment
- Record Warranty Start Date and End Date
- Record Warranty Terms and Conditions
- Store Warranty Documents in Document Management System
- Set Warranty Expiry Reminders (30 days before expiry)
- Register Equipment on Manufacturer Portal (if required)

Place Equipments as per Equipment Placing Plan

- Unpack All Equipment
- Move Equipment to Designated Zone
- Assemble Equipment (if required)
- Anchor / Bolt Heavy Equipment to Floor
- Connect Equipment to Power Supply
- Calibrate Equipment Settings
- Verify Equipment is Level and Stable
- Safety Check
  - Test Each Equipment for Proper Functioning
  - Verify Emergency Stop Buttons Work
  - Check All Cables and Connections Are Secure
  - Verify Weight Stacks Move Smoothly
  - Check Treadmill Belt Alignment and Speed Calibration
  - Verify No Sharp Edges or Loose Bolts
  - Ensure Safety Signage is Placed Near Equipment
  - Get Final Safety Clearance from Inspector / Manager
  - Add Members
    - Design Membership Plans
      - Define Plan Types (daily, monthly, quarterly, half-yearly, annual)
      - Define Plan Pricing for Each Type
      - Define Student / Senior / Corporate Discount Rates
      - Define Personal Training Add-On Packages
      - Define Locker Rental Add-On
    - Set Up Membership Management System
      - Configure Membership Software
      - Set Up Member Registration Form
      - Set Up ID Card / Access Card Printing

- Set Up Biometric / QR Code Entry System
- Onboard New Member
  - Collect Member Personal Details (name, contact, emergency contact)
  - Collect Health Declaration Form
  - Conduct Fitness Assessment
  - Assign Membership Plan
  - Issue Access Card / Biometric Registration
  - Provide Gym Orientation Tour
  - Assign Locker (if applicable)
  - Provide Welcome Kit (towel, water bottle, schedule)
- Allow Gym Exercise
  - Grant Access to Gym Facility
  - Provide Initial Training Session with Trainer
  - Share Workout Plan Based on Fitness Goals
  - Monitor Member Activity for First Week
  - Collect Feedback After First Week
  - Update Workout Plan Based on Progress
- Collect Payments For X Periods
  - Generate Invoice for Selected Membership Plan
  - Offer Payment Methods (cash, card, bank transfer, online)
  - Collect Payment
  - Issue Payment Receipt
  - Update Member Payment Status in System
  - Send Payment Confirmation via SMS / Email
  - Set Auto-Reminder for Next Payment Due Date
  - Handle Late Payment Follow-Up
    - Send First Reminder (3 days after due date)
    - Send Second Reminder (7 days after due date)
    - Send Final Notice (14 days after due date)
    - Suspend Membership Access (if unpaid after 30 days)
- Prepare Payments Plan
  - Define Payment Cycle (monthly, quarterly, annual)
  - Set Payment Due Dates
  - Configure Auto-Debit / Recurring Payment (if member opts in)
  - Generate Monthly Payment Collection Report
  - Reconcile Collected Payments with Bank Statements
  - Handle Refund Requests
    - Verify Refund Eligibility as Per Policy
    - Calculate Refund Amount (pro-rated if applicable)
    - Process Refund
    - Update Member Records

Equipment Maintenance Plan

- Create Equipment Inventory Register
  - List All Equipment with Serial Numbers
  - Record Purchase Date and Vendor
  - Record Warranty Status
  - Assign Unique Asset Tag to Each Equipment

- Weekly Plan
  - Visual Inspection of All Equipment
  - Wipe Down and Clean All Equipment Surfaces
  - Check Treadmill Belts for Wear and Alignment
  - Check Cable Machines for Fraying or Wear
  - Lubricate Moving Parts (pulleys, hinges, rails)
  - Tighten Loose Bolts and Screws
  - Test Emergency Stop Buttons
  - Check Weight Plate Condition and Stacking
  - Log Maintenance Activities in Register
- Monthly Plan
  - Deep Clean All Equipment
  - Inspect Electrical Connections and Wiring
  - Calibrate Cardio Equipment (speed, resistance, heart rate monitors)
  - Check Upholstery for Tears and Replace if Needed
  - Inspect and Replace Worn Rubber Grips / Handles
  - Check Floor Mats and Replace Worn Sections
  - Review Maintenance Log for Recurring Issues
  - Order Replacement Parts if Needed
  - Schedule Professional Service for Complex Equipment
- Yearly
  - Full Professional Service of All Equipment
  - Replace Treadmill Belts and Decks (if worn)
  - Replace All Cables on Cable Machines
  - Repaint / Refinish Equipment Frames (if rusted or chipped)
  - Full Electrical Safety Inspection
  - Review Equipment Lifecycle — Plan Replacements
  - Update Equipment Inventory Register
  - Review and Renew Service Contracts with Vendors
  - Budget Allocation for Next Year Maintenance

Marketing and Promotions

- Pre-Launch Marketing
  - Create Gym Brand Identity (logo, colors, tagline)
  - Build Gym Website
  - Create Social Media Pages (Instagram, Facebook, Google Business)
  - Run Pre-Launch Teaser Campaigns
  - Offer Early Bird Membership Discounts
  - Distribute Flyers in Local Area
- Grand Opening Event
  - Plan Opening Day Event
  - Invite Local Influencers / Fitness Bloggers
  - Offer Free Trial Day for Walk-Ins
  - Arrange Refreshments and Giveaways
- Ongoing Marketing
  - Run Monthly Social Media Campaigns
  - Collect and Publish Member Testimonials
  - Referral Program (member brings a friend discount)

- Partner with Local Corporates for Group Memberships
- Seasonal Promotions (New Year, Summer Body, Ramadan)

Daily Operations

- Opening Checklist
  - Unlock Facility
  - Switch On Lights, AC, Music
  - Verify All Equipment is Functional
  - Clean and Sanitize All Surfaces
  - Restock Water Dispenser and Towels
  - Check Reception Area is Ready
- Member Check-In / Check-Out
  - Verify Membership Status at Entry
  - Log Member Attendance
  - Handle Walk-In Enquiries
- End-of-Day Checklist
  - Ensure All Members Have Left
  - Switch Off All Equipment
  - Switch Off Lights, AC, Music
  - Secure All Doors and Windows
  - Set Alarm System
  - Prepare Daily Attendance and Revenue Report

Compliance and Legal

- Obtain Municipality Approvals
- Obtain Civil Defense / Fire Safety Certificate
- Obtain Health and Safety Clearance
- Display Required Licenses and Certificates
- Maintain First Aid Compliance
- Conduct Annual Safety Drills
- Renew All Licenses Before Expiry
